UNIVERSITY LIBRARIES

**ADVANCE RESEARCH, LEARNING,
COLLABORATION *and* KNOWLEDGE SHARING
for a NEW GENERATION OF LEARNERS.**

Today's libraries have become collaborative and technology-forward hubs situated in bright and inspiring places to meet the needs of CMU students.

The faculty and staff of the Libraries empower learners with the tools to challenge assumptions and think critically in a rapidly changing world, providing students and scholars with the opportunities to access, curate and contribute to a global network of information that makes research breakthroughs possible.

With your partnership, we will enrich the student experience with spaces for student collaboration, technology exploration and creative inquiry.

Your support of the University Libraries will help make research, learning and knowledge sharing possible across the university.
